Lower School (Y7-11) More Able Programme

The students of each year group meet for enrichment sessions throughout the academic year. Competitions and opportunities to stretch the students beyond the curriculum will also be promoted and supported.

All communication will be via the appropriate channel of the More Able TEAMS group so please encourage your child to check this regularly.

Students and parents informed Small challenge enrichment projects that stretch the student - creative, humanities, literacy and mathematics Using the library session - to stretch and challenge yourself in areas of academic interest Internal Spelling Bee competition led by sixth form student leadership team WABA - Wessex Amazing Book Award. Book group and day trip for final 2 x Communication Skills Workshops - Individual and Team. Delivered by Bath University External speaker(s) visit school Reflections of Year 7 achievements and planning the year ahead Research a charity alongside sixth form charity prefects External speaker(s) visit in school Lead school National Pi Day activities CyberFirst Year 8 girls' competition UKMT Mathematics Challenge WABA - Wessex Amazing Book Award.
